Prateći linije odvedi gusjenicu na pravo mjesto

Prateći linije odvedi gusjenicu na pravo mjesto

A worksheet for a tracing activity. It features ten rows. Each row starts on the left with a green caterpillar with a red head and two antennae. A dotted line extends from the caterpillar's head, forming a series of connected arches across the row. On the right side of each row, there is a different food item. The items are: a slice of red cake, a pink ice cream cone, a green cucumber, a slice of yellow Swiss cheese, a purple sausage, a purple sandwich, a blue and white swirl lollipop, a slice of pizza, a carrot, a cupcake, and a slice of watermelon. Below the dotted lines, there are seven vertical dotted lines in each row, serving as guides for the tracing path.
