

1) Počnite sa presavijanjem papira. Neka bijela strana papira bude prema gore. Odmotajte papir.

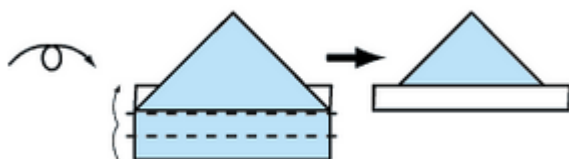

2) Presavite gornji kraj papira prema dolje. Dobro ga pritisnite.

3) Presavite gornje kutove papira prema sredini.

4) Presavi donji dio (najgornji dio samo) do baze trokuta)

5) Savinuti dio presavi još jednom na isti način

6) Preokreni model i ponovi korake 5 i 6.

7) Raširi kapu i gotova je.
